Variety is More than Just Spicy

While every restaurant and bar boasts a particular vantage point to radiant days and starlit evenings, the food fare, beverage selections, and ambience of each is no less delightful. From the casual to the elegant, the sun bathed to the air conditioned, the familiar to the exotic.

For an informal breakfast, lunch or dinner, La Hacienda presents refined Mexican, American and international cookery with consistently healthful emphasis on local seafood and produce.

Located on the second level overlooking the swimming pool, La Hacienda is the place for casual, open-all-day dining. You may choose seating in air conditioned comfort, or on the reflection pool bordered terrace of frozen, looking out to the amazing Sea of Cortez.

And, of course, there’s always breakfast... be it just coffee, danish, orange juice or any style of eggs with sides... prepared to order from room service.

Or, take a light or full course dinner while admiring the beauty outside your very own deluxe guest room or suite before retiring.

Your aquatic activities, or just relaxing and sun bathing, are never neglected by our responsive and attentive poolside waiters with tasty hot or cold snacks, beverages favorites, cocktails and tropical libations to your liking from our Pool Bar and Sunset Palapa.
The Fenícia, Hilton Los Cabos Beach & Golf Resort’s signature restaurant, named for the city of Phoenicia, offers a comfortable, elegant setting in keeping with the property’s stunning Mediterranean architecture.

Semi-formal, yet elegant, Fenícia appropriately offers remarkably advanced Mediterranean Cuisine where palates are first stimulated by its seawall display showcasing selections including lobster and mussels. Diners enjoy impeccable service while savoring boldly flavored dishes from Sicily, Italy, Greece, Turkey, Yugoslavia, Spain and Morocco.

And, surely, you will wish to visit the elite Lobby Bar during the afternoons and take in the expansive view while our full sun reigns over pools, grounds and the Sea of Cortes. This is the spot for before dinner cocktails while anticipating the evening repast.

And, don’t surrender your day without your favorite after dinner drink, a fine cigar, if that’s your pleasure, and sharing the most pleasant of atmospheres enhanced nightly by a variety of live piano bar renditions.
It's Almost Like a "Dine Around"

Experience a European level of cuisine and service central to the resort’s hallmark of superlative hospitality.

Today, Los Cabos has been declared: "...absolutely the number-one golf destination I know of, period."

That, from the great Jack Nicklaus. And seven of the better courses in this destination are found nearby the property.
Hilton Los Cabos Beach & Golf Resort maintains a full-time, on-staff Golf Concierge whose sole responsibility is to communicate with group leaders and hotel guests concerning their interests and needs in arranging group outings, tee times and all that makes for smooth and enjoyable play on destination courses.

Both development courses have excellent Pro Shops with all the popular brands of golf apparel, shoes, balls, gloves and other such paraphernalia. And, both have practice areas where you may warm up to get your swing and putting stroke working on Los Cabos time before teeing off. Along with very well maintained golf carts, players may also rent such equipment as name-brand clubs for those lacking their own.

Additionally, there’s snacks, beverages and other incidentals available in the either Club House or from on-course services.

We are especially helpful with arrangements for the El Dorado and Cabo Real Golf Clubs here in our own development. But, we are more than familiar with all the better Los Cabos courses and personnel and can greatly ease and expedite whatever manner of play you may require.

You Be the Score Keeper

With more new golf courses coming, the destination already enjoys some of the best in the world. A perfect climate, breathtaking scenery, professional maintenance, direct access to the world’s airports, and world-class Hilton Los Cabos Beach & Golf Resort. It all adds up to great golf on any score card.
Can’t Do it All? Try!

It’s hard to imagine any place on earth with the breadth and variety of sightseeing, attractions, diversions, shopping, recreating and relaxation of Los Cabos. For good reason. From the natural wonders to the endless activities you may experience between, along and upon the Pacific Ocean and the Sea of Cortes.

The signature landmark of this destination is famed Los Arcos and you may catch a boat ride to see this magnificent stone arch, one of Mexico’s most awesome natural wonders, surrounded by the incredibly blue-green waters about which Los Cabos is so well known.

Just 12 miles and 20 minutes driving time, from Hilton Los Cabos Beach & Golf Resort, lies the electric nightlife of Cabo San Lucas with its funky watering holes, state-of-the-art marina and shopping aplenty.

It’s also where the many cruise ships anchor and there’s lots of action, dining and late-nighters day and night.

For a different atmosphere, a mere 9 miles and 20 minutes drive from our property, you may visit historic San Jose del Cabo which boasts beautifully restored adobes. This charming town harks back to Spanish-colonial days and invites leisurely strolling, shopping, and zesty dining.
If the towns aren’t your scene, thousands of gray whales frolic and bear their calves in lagoons just north of Los Cabos seasonally. And, there’s ecological excursions to remote desert, mountain and ocean areas by various means of conveyance to see a world of rugged terrain, flora and fauna.

Or, you may choose from riding horseback on a beach, swimming crystalline waters with dolphins, and sailing the coastlines for entirely different viewpoints of your destination.

Sea fans will thrill to experiencing the depths of Los Cabos, teeming with sea life, and exploring any of its six spectacular dive sites.

Along our corridor, between the two principal towns, fine surfing is found at Playa Barco Varado and Playa Cobo Bello.
Free Time for Free Spirits

Just as manta rays school together in common interests only to spread their wings and soar skyward out of sheer joy, your group attendees will never lack for opportunities to venture from their customary environment to experience and enjoy the whole different world of Los Cabos.
Every suite and guest room includes your very own, whirlpool tub or jacuzzi, generously stocked minibar and around the clock room service.
